An International Exhibition & Conference
on Pharmaceutical Industry

January 7th - 9th, 2016
Bangalore International
Exhibition Centre, Bengaluru

www.indiapharmaexpo.in

AN INDUSTRY OVERVIEW

The Indian Pharmaceutical Industry is the third largest in terms of volume and thirteenth largest in terms of value as per a pharmaceutical analysis report by equity master.

The Indian Pharmaceutical Industry is estimated to grow at 20% Compound Annual Growth Rate (CAGR) over the next five years as per India Ratings, a Fitch Group company.

The Domestic pharma market is expected to grow at 10-12% in FY 15 as compared to 9% in FY 14 as per the recent report from Centrum Broking.

Road Ahead - The Indian Pharma market is expected to grow to USD 85 billion by 2020. The growth in Indian domestic market will be back on track with rise in consumer spending, rapid urbanization, raising healthcare insurance and so on.

First major event to increase overall growth of Pharma sector including exports and focus on increase of domestic production in the sector, organised by Government of India & FICCI, with the active participation from all Stakeholders.

Provide a platform to global investment community **to connect with stakeholders** in Pharma sector in India, Central and State Governments, leading business leaders and top executives from the industry, academics and experts from the world.

Encourage '**Make in India**' - for manufacturing of Drugs and Pharmaceutical Machines.

INDIA PHARMA 2016 covers the whole process of Pharmaceutical Manufacturing, from various kinds of manufacturing / processing machineries to Lab Equipments, Analytical Instruments, APIs and other total solutions.

BENGALURU, KARNATAKA - AS A VENUE

Karnataka, one of the growing bio-pharmaceutical states in the country, currently ranks fifth in pharma exports and contributes 10 percent to the Indian pharma export revenue. The State alone has 236 Pharma & Biotech Companies having annual global sales to the tune of Rs. 500 Crores.

Bengaluru is being recognized as a bio cluster of India. The creation of economic clusters of biotech units is attributable to the increasing returns under monopolistic competition and generation of strategic alliances. Leading companies like Accelrys, Advinus Therapeutics, Agilent Technologies, Animal Biotech, Automated Systems, Avesthagen, Bharat Biotech, Bigtec, Biocon, ClinTec (India) International, CytoGenomics, Delta Biologicals etc. are present in Karnataka.
